DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see applicant's appeal brief, pgs. 5, 6 (Independent Claim 1) and 7 (Independent Claim 10), filed August 16, 2007, with respect to claims 1, 2 and 4-21 have been fully considered and are persuasive. The rejection of claims 1, 2 and 4-21 has been withdrawn.

Allowable Subject Matter

2. Claims 1, 2 and 4-21 allowed.

The following is an examiner's statement of reasons for allowance:

As per claims 1 and 10:

The prior art of record (Stefik, U.S. Patent No. 6,236,971) fails to disclose a value associated with an economic penalty or economic disbenefit to a provider of a service based on invalidation of a user's security key and provision of a service to an ineligible user. However, Utsumi et al. (Utsumi), U.S. Patent No. 6,658,401, discloses the invalidation of a right and fines being given based on the provision of a right to an ineligible user which represents an economic disbenefit or penalty to whomever invalidated the right (7:1-53). Utsumi fails to teach a value being assigned to this economic disbenefit or penalty and comparing this value to a first value and also fails to assign the economic penalty to the service provider.

None of the other references cited in the prior action combine with Utsumi or Stefik to disclose this limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
